Best Management Practices (BMPs) Certification for Florida's Green Industries

May 17, 2013

Free Class!

Seminole County Extension Office
250 W. County Home Road
Sanford, FL 32773

What is GI-BMP Training?

- Offers a science-based educational program
- Provides landscape management recommendations to the Green Industries
- Designed to conserve and protect Florida's water resources and environment

This workshop is designed to provide training in Green Industries Best Management Practices (GI-BMPs) for anyone working in the lawn, landscape, pest control, or municipal grounds areas.

At the end of this training, you will be given a post-test to determine knowledge learned. If the post-test is successfully completed, you will be mailed a Green Industries BMP certificate of completion. Pesticide Applicator CEUs given at the end of class.

Who Should Attend?

- Supervisors and employees in Lawn Care, Pest Control or Landscape Industry
- Municipal Parks and Recreation Facility Supervisors and Employees
- Irrigation Industry Workers
- Retail Facility employees who sell fertilizers
- City and County Planning Staff, Environmental departments, or water quality
- Builders, Developers, Landscape Designers and Architects

Speakers

Matthew Lollar
UF/IFAS Extension—Seminole County

Gabrielle Milch
UF/IFAS Extension—Seminole County

Why Certify?

Certification offered by UF/ IFAS is voluntary; although mandatory by some cities and counties. Beginning January 1, 2014, any person applying commercial fertilizer for hire to an urban landscape must be certified through this program and incur a fee.

BMP Certification confers value as:

- A client marketing tool
- Credential of Professionalism
- Furtherance of education & work opportunities
- CEU fulfillment

Attendees Receive:

- Up to 4 FDACS Pesticide Applicator CEUs
- Up to 4 FNGLA CEUs
- A Certificate of Completion for the Florida-Friendly BMP Training (Note: **MUST** pass the post test)
- Training materials and handouts
